About Actionstep

Actionstep is a fast-growing, dynamic SaaS (Software as a Service) business with a global customer base, including 22,000+ users globally and 775+ US law firms. Actionstep delivers a comprehensive legal practice management cloud platform to mid-size law firms looking for a flexible all-in-one solution. Combining all the work of law firms in one platform, including Matter Management, CRM, Document Assembly and Management, Time and Billing, Payments, Trust and Office Accounting, Reporting, and more, Actionstep is where law works. For more details, go to www.actionstep.com.

Recent News & Posts

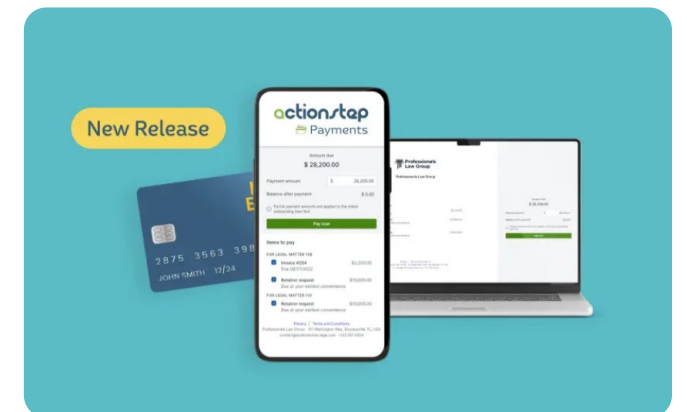

2023 Midsize Law Firm Priorities Report - Highlights for Law Firms:
For this inaugural edition of the report, we surveyed professionals (both legal and administrative staff) from midsize law firms around the United States to find out their priorities, challenges, goals, and opportunities heading into 2023.
